

Elementary And Secondary School Emergency Relief Fund (ESSER FUND)

Section: Narratives - Program Description

INTRODUCTION

Under the Elementary and Secondary School Emergency Relief Fund (ESSER Fund), the Pennsylvania Department of Education (PDE) awards grants to local educational agencies (LEAs), to address the impact that Novel Coronavirus Disease 2019 (COVID-19) has had, and continues to have, on elementary and secondary schools across the state. LEAs must provide equitable services to students and teachers in nonpublic schools as required under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act).

Please note: ESSER funds, under any part of 18003, **cannot** be used for: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations. CARES Act funds generally will not be used for bonuses, merit pay, or similar expenditures, unless related to disruptions or closures resulting from COVID-19.

***ESSER funds are not Title I funds and as such, are not subject to Title I rules.**

Please explain how the LEA will determine its most important educational needs as a result of COVID-19. (3000 characters max)

The district will follow our Health and Safety plan that was required by the Pennsylvania Department of Education. At this time we are operating in a blended learning plan and district operated virtual school.

Please explain the LEA's proposed timeline for providing services and assistance to students and staff in both public and nonpublic schools. (3000 characters max)

The 2020-2021 school year begins on August 31st, 2020. Planning for the school year has been ongoing since May, 2020. The district will evaluate its operational effectiveness on a monthly basis.

Please explain the extent to which the LEA intends to use ESSER funds to promote remote learning. (3000 characters max)

The district plans to utilize the ESSER funds to purchase laptops, video equipment and software licences for virtual programming.

Please describe how the LEA intends to assess and address student learning gaps resulting from the disruption in educational services. (3000 characters max)

The district will assess student progress through the programming offered in the classrooms and in the virtual environment.

Please describe the LEA(s) proposed procedures for evaluating local COVID-19 impacts in relation to education programming and delivery. (3000 characters max)

Elementary And Secondary School Emergency Relief Fund (ESSER FUND)

Areas of emphasis should include:

- Documenting learning loss associated with extended school closure;
- Outlining the development of local continuity of education plans over the course of emergency response efforts; and
- Detailing supports for vulnerable student populations and families.

The district will monitor student progress and adjust educational delivery accordingly. The district will follow local health organizations guidance and direction. Special attention will be given to our vulnerable student population by having face to face education and greater access to technology to continue remote learning.

Please describe the LEA core set of strategies that will be used to guide local investment of CARES funding, associated with short-range (i.e., remainder of the 2019-20 school year) and long-range (2020-21 and 2021-22 school years) timelines. (3000 characters max)

These strategies may entail the establishment, scale-up, refinement, or evaluation of remote learning, as well as strategies for school-based teaching and learning responsive to conditions related to the pandemic. LEAs will be asked to outline how limited, one-time CARES funding may support these initiatives and how CARES funding might interact with other federal funding, including enhanced Title IV flexibility, to ensure strategic and sustainable use of one-time funds.

Previous to the pandemic, the district operated a one to one computer laptop program for grades 4 through 12. In order to effectively establish blended program, the district needed to purchase laptops for grades 1 through 3. The CARES funding helped to purchase the laptops and related supplies as well as the software needed to run the virtual program.

Please describe specific plans, measures, and longer-term evaluative strategies concerning student learning gaps - as well as opportunity to learn factors - stemming from COVID-19. (3000 characters max)

The district will monitor student performance in prescribed curriculum as aligned to the state standards. Remediation efforts will be implemented for those students that are not demonstrating adequate progress.
